THE MANAGEMENT

Our Sale Manager is the owner and operator of Twin Valley Farms, located near Rose Hill in Mahaska County, and is a breeder of quality Shorthorn cattle.

In selecting the cattle for this sale and in placing the advertising and making the arrangements for the show and sale, he has been assisted by a representative Sale Committee, composed of Charles Garden of Helfred Farms, Walter Miller of Oakdale Farms, Thomas J. Bray of Braywood Farms, and Alvin Wimer of New Sharon, Iowa, all of whom join in extending to breeders and lovers of Shorthorn cattle an invitation to take part in this Shorthorn event.

You will find in this sale Shorthorn cattle of correct type and superior quality, and you will like them.

C. E. STEWART

Sale Manager

CHARLES GARDEN

WALTER MILLER

THOMAS J. BRAY

ALVIN WIMER

Sale Committee

FREE FREIGHT OFFER: The American Shorthorn Breeders Association will reimburse up to a maximum of \$200.00 for freight charges, only on 10 or more lots of cattle purchased by one or more buyers in this sale, and to be shipped by rail to a final point 300 miles or more distant.

GENERAL INFORMATION

LOCATION — Sale will be held in the heated livestock pavilion at the Southern Iowa Fair Grounds located in the northwest section of the City of Oskaloosa. Oskaloosa is located 60 miles southeast of Des Moines, Iowa, and 100 miles northwest of Burlington, Iowa, and is served by the Minneapolis & St. Louis and Chicago, Rock Island & Pacific Railroads. Seven paved roads enter the city. Four hotels are available; namely, Downing, Lacey, Irving and Gentry. A well equipped airport adjoins the city.

TIME — The sale will start at 1:00 o'clock p.m. on Saturday, November 12, 1949.

The show will start at 10:30 a.m. The cattle will be judged by Bill Anderson of West Liberty, Iowa, and Leroy Brown of Lamoni, Iowa.

TERMS — The terms of sale are cash. Settlement should be made with the Clerk immediately following the conclusion of the auction. All animals will be at the buyer's risk as soon as purchased but the management will assist in loading on cars or trucks in compliance with instructions from purchasers. A Certificate of Registry and a signed transfer will be furnished for each lot sold, and an application of registry will be furnished for each calf sold at foot and for unborn calves sold in dam.

We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of guests.

GUARANTEE — Cattle will be sold under the standard guarantee of the American Shorthorn Breeders Association, which guarantee is printed on the inside back cover of this catalog. All cattle are sold subject to a 60-day retest for Tuberculosis and all cattle have been blood tested for Bang's Disease within 30 days of the date of this sale. Health certificates will be furnished to enable the shipment of cattle into any state or territory.

CONTRACT — The above terms and conditions constitute a contract between the consignor and buyer of each lot.

MAIL BIDS — Bids may be forwarded to the Sale Manager, the Auctioneer, and representatives of the Association, and breed papers.

C. E. STEWART, Sale Manager, Rose Hill, Iowa

J. E. HALSEY, Auctioneer

CENTRAL STATES SHORTHORN SHOW

At 10:30 o'clock in the forenoon of Sale Day the cattle will be exhibited and judged by "Bill" Anderson and Leroy Brown.

All animals have been divided into classes according to age and sex. Each sex will have a grand championship and a reserve championship. First prize winners will be eligible to show for championships, and the second prize winner in a class where the champion is selected, will be eligible to show for reserve champion.

The American Shorthorn Breeders Association has donated handsome silk ribbons which will be awarded winners in the various divisions.

SHOW CLASSIFICATION

TWIN VALLEY WILLIAM the 6th is the first bull to be offered at public sale by our Prince William 16th. He has type, color, style, disposition, and above all he is a breeder, as we have used him on several of our best cows. He has some of the most popular breeding behind him to be found in the Shorthorn herd book.

Pretested and calfhood vaccinated.

WHY SHORTHORNS?

Of all breeds of beef cattle, the Shorthorn excels, and the reasons why are many. In enumerating some of these reasons, perhaps mention should first be made of the well-substantiated fact that a Shorthorn at any given age will outweigh an animal of the same sex and age of any other breed that has consumed the same amount of feed. From the standpoint of returns on the investment, this admitted fact gives the Shorthorn first place. The Shorthorn disposition cannot be matched by any other breed of cattle. The Shorthorn diversity of colors is an attraction that no other beef breed portrays. The production of milk without any lessening of beefing quality is a Shorthorn characteristic and a valuable asset. When it comes to cross-breeding, the Shorthorn always produces the best results.

It should also be noted that the Shorthorn is a useful breed of cattle which is splendidly adapted to modern agricultural operations, and it is possible to purchase this kind of cattle at prices which enable the buyers to invest their money safely.

The foregoing and numerous other reasons make the ownership of Shorthorn cattle both profitable and pleasurable.

The welfare of the nation demands the production of better commercial beef. The cull is out of place on the rich and fertile lands of the central portion of the United States. The practical reason for producing purebred beef cattle is to improve the quality of meat food. The mating of dairy and ordinary grade cows with a purebred Shorthorn bull will do much to bring about this improvement in the meat that we eat and to increase the profits of the farmers who own such cows, because each crop of calves will be worth enough more than the price that will be paid for the bull. This sale furnishes another opportunity to the producer of commercial cattle to increase his profits and produce a better quality of beef.

T V AUGUSTA SUPREME. This beautiful dark roan heifer calf will be one of the first of the 1949 models to be sold in this winter's circuit of sales. She is sired by what is beginning to prove to be one of the greatest breeding bulls of the middle west. This heifer shows promise to be able to hold her own in the strongest shows of the coming show season. Any 4-H boy or girl that wants to stand at the head of his class should look this heifer over. Pretested and calfhood vaccinated.

WHO ARE CENTRAL STATES SHORTHORN BREEDERS?

This is a new Association composed of a group of breeders of modern type Scotch Shorthorn cattle, whose breeding plants are located in the States of Iowa, Illinois and Missouri. This Association was brought into being last July, when a considerable number of outstanding Shorthorn breeders from these states were assembled at the Mahaska County, Iowa, Shorthorn Breeders Association Annual Field Day held at Braywood Farms. The purpose of the meeting was to select a central point, advantageously located in a prosperous and progressive section of the country, where modern type Scotch Shorthorn cattle could be marketed to the best advantage of producers of high-class breeding stock and the producers of quality commercial beef. The City of Oskaloosa, Iowa, was unanimously selected as the central point having the necessary qualifications for the holding of such sales. The plan adopted was to hold two sales a year, one during the springtime and the other during the fall season. This is the introductory sale. Not all of the breeders interested in this movement will have cattle in this sale. Those whose names do not appear in this catalog will make worthy contributions to future sales.

Only correct cattle are eligible to be entered in these sales and people who are interested in founding new herds or in enlarging and improving existing herds can find the kind of cattle they need and are looking for here.

Excellent facilities for the care, inspection and sale of cattle are afforded by the modern cattle barns and sale pavillion at the Southern Iowa Fair Grounds in Oskaloosa.

Proper and adequate advertising and efficient and economical management, plus the quality of cattle that are being produced by this group of breeders, bespeak a high degree of success in the distribution of the cattle and a full measure of satisfaction for those who purchase them.

ASSOCIATION GUARANTEE

1. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

2. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, are safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

3. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
